

U.S. GRAND JURY SYSTEM, the 95% effective Government Graft Stopper
Invite All Student Councils to Sponsor it for fun. Also refer this to other Anti-Graft Crusaders.
By Atty. Marlowe Camello, Email: mcamello@verizon.net

The most powerful and proven effective anti-graft device ever created is the **U.S. Grand Jury system**. U.S. President Thomas Jefferson said: "***The Jury is the only anchor ever yet imagined by man that can hold a government to the principles of its constitution.***" Anyone known of having committed a serious crime in the U.S. can be assured that he will get accused in court even if he may be the President. This Jury is very easy to make. Visit the **4 simple steps**, and **print** the "**To Do Checklist**" on pages 3, 4, and 5, below as a guide to create your local grand jury.

Juries are excellent unifiers of people. Juries will solve Muslim-Christian conflict; will unite them **unknowingly** like the way Muslims and Christians are **unified** in the U.S. "**Unknowingly**" because the U.S. has no law to force people to unite. Juries unite people automatically". **How?** By non-discriminatory blinded selection of jurors through lottery of their names from voters list regardless of their color, creed, tribe, ethnicity, rich or poor, big or small, short or tall, ugly or beautiful, weak or powerful, fatty or skinny, man or woman, and those in between, to sit together in court to decide in justice. They are given instruction on the law, shown evidence at the trial, then given freedom to decide by themselves with no judge participation. Discrimination in justice is the basic cause that corrupts people and government. Fair justice system in the U.S. through juries is what made it a stable country for over 226 years now. With Grand juries, no grafters or tyrants can "survive" outside of jail. Graft and corruption will never stop if the people are not able to send grafters to jail. The Grand Jury system is the way. Let us adopt it and stop the graft.

Before going through the enactment steps, **READ FIRST** the Jury Diagram in the web site below to learn fast and visualize how this powerful anti-graft device operates:

The steps below will describe the procedures on how to enact the U.S. type "**Grand Jury & Trial Jury Systems**", hereinafter named in brief as "**GJ&TJ-S**" by using the procedures of Republic Act 6735:

STEP 1: Prepare and file a Petition, in compliance with Republic Act 6735, Section 13(a), before your City Council to seek the establishment and approval en toto (meaning "as is") of your proposed **GJ&TJ-S**. The petition must be signed by no less than 1,000 resident-citizens. The form of your petition can be downloaded and printed from the web site at:

<http://www.the-filipino-people.com/support-files/14-mc-form-1-petition.pdf>

Attach to your Petition the following documents:

1. A copy of the proposed **GJ&TJ-S** Law. Download and print its provisions from the web site at:

<http://www.the-filipino-people.com/support-files/mc-law.pdf>

2. A translation of the GJ&TJ-S Law into the Filipino Language. Please find in your city a good English-Filipino translator for this purpose. You will also use this again in Step 3, if you will be forced to embark on Step 2.

3. A format of the City Ordinance indicating its "Notice of Action" on the Petition. Download and print this form from the web site at:

<http://www.the-filipino-people.com/support-files/mc-format.pdf>

4. The Acknowledgment by the City Council through its Secretary the filing of the Petition titled: "**RECEIPT OF PETITION**". Download and print this form from the web site at:

<http://www.the-filipino-people.com/support-files/mc-receipt.pdf>

Promptly after filing the above Petition with the City Council, fill in with the name of your leading crusader in the news letter in the web site below and then publish it in a popular news paper in your city. This publication will also put pressure on the City Council and the Mayor to act on the Petition one way or the other:

<http://www.the-filipino-people.com/support-files/16-mc-publication.pdf>

STEP 2: Exercise the “Power of Initiative - Upon receipt of the notice of no favorable action, which is most likely, is received from the City Council of Manila within 30 days from date of filing the Petition in Step 1, proceed immediately **on the following day** with another round of gathering signatures as required in RA 6735, Sec. 5(d), the 3%, 10% number of signatures which means at least 3% of the registered voters per legislative district and 10% of the total registered voters in the entire City of Manila must sign the signature gathering sheets. Petition Form in Step 3, is your guide in doing this. This second round of collecting signatures should be completed within 90 days from the date the non-favorable action is known from the City Council of Manila. The forms to use in gathering signatures can be downloaded and printed from the web sites below. The forms are self-explanatory. Take all 3 forms to, and jointly accomplish with, the Election Registrar. Please read them carefully:

- (c) <http://www.the-filipino-people.com/support-files/14-mc-form-4-rc.pdf>

Do the campaigning along with the signature gathering activity.

STEP 3: As soon as the required number of signatures are collected in Step 2, prepare another Petition and file it with the COMELEC. The Petition Form can be downloaded and printed from the web site below. Also make corrections if needed:

<http://www.the-filipino-people.com/support-files/14-mc-form-5-petition.pdf>

Supporting documents to be attached to the Petition are:

- (a) Separate English text of the proposed Jury Law. Download and print at:
<http://www.the-filipino-people.com/support-files/mc-law.pdf>
- (b) Separate Filipino translation of the proposed Jury Law;
- (c) Signature sheets in Step 2(a) above;
- (d) Election Registrar’s Verification Certificate in Step 2(c) above.

Basically, the Petition is asking, among others, the COMELEC to issue an Order:

- (a) To publish the Petition and the proposed jury law both in the Filipino language and in the English language at least twice in a news paper with a general and local circulation in Manila within 30 days from its determination of the sufficiency of the Petition.
- (b) To set the election date for the approval by the voters the adoption of the proposed Jury System Law.

STEP 4: Campaign and go to the polls on the voting date and vote “yes” in your ballot. That’s it!

“If the proposition is approved by a majority of the votes cast, it shall take effect 15 days after certification by the Commission (COMELEC) as if affirmative action thereon had been made by the local legislative body and local executive concerned. If it fails to obtain said number of votes, the propositions is considered defeated.” RA 6735, Sec. 14.

- Obtain and follow further instructions with the COMELEC. Keep a good rapport with Local Election Registrar and with Manila COMELEC staff members.

STEP 4: Campaign for the approval of the Proposed Jury Law and ask them to vote “Yes” on the election day as scheduled by the COMELEC.

Pointers and arguments in favor of Jury Adoption:

- You, the people in your city, shall become the real boss and master over your public servants in accordance with Article 2, Section 1, of the Constitution. **You become enforcers of all other laws, rules and regulations through your Grand Juries.**
- No more compadre/comadre system in Justice because you, the people, shall become the Super Deciding Authority in the secret investigation, indictment, trial and conviction of crime offenders. Judges will supervise and guide you how to perform your job as a juror but they will not participate in making your decision.
- With Grand Juries that operate secretly and whose members cannot be easily identified, they will not be scared to accuse in court any corrupt powerful high official in your city.
- By adopting the Jury Systems, Grand Juries will no longer need to ask for approval from city authorities to investigate and accuse in court a corrupt high official.
- Bribe givers will be exempt from prosecution so that they can report and testify against public officials and employees who took bribes from them. This policy will scare government officials from taking bribes and improve government efficiency.
- Grand Jury secret investigations and accusations in court against any powerful corrupt officials and other serious crime offenders will definitely reduce stealing of government funds and more savings and income for the government.
- More lawyers will help victims of crimes committed by city authorities such as in police or army brutality crimes and claim of prisoners or detainees for inhumane confinement in inhabitable jail cells . Lawyers will be allowed to take such cases on contingency basis up to 40% on claims of victims as high as P500,000.00 pesos in award of damages (Article III, Section 1(d)(5)(b)).
- Juries will speed up disposition of cases in less than a year instead of 5 to 15 years under the present solo judge system.
- A GJ is so powerful that it can secretly investigate and indict for obstruction of justice any high corrupt officials who interfere in justice affairs. Browse the web site at:
<http://www.the-filipino-people.com/support-files/grand-jury-power.pdf>
- Grand Juries will simply get cases for investigation from tipsters by advertisement. The GJ tipsters advertisement form can be secured at:
